Decorah, Iowa, Jan. 31, 1925.

Mr. S.H. Holstad,
11 Washington Ave., South,
Minneapolis, Minn.

Dear Friend: You have asked me to give you a list of the Norwegian societies in the United States. I do not have such a list and do not have time to make out a complete list. I have been writing down a tentative list, just as the things occur to me in the midst of many interruptions. And I am sending it to you as incomplete and unsystematic as it is.

I am not able to give you the name and address of the president or secretary of each society without considerable research and correspondence. I leave that to you.

In some instances I think that a secretary is more important than the president of an organization. Ylvisaker, for example, is doing more work in the Luther League than Martin Hegland. You will have to use your judgment as to which to take.

In some cases I did not know whether to list the society or not. Mohn Pub. Co. was at first a distinctly Norwegian enterprise, but is it now? I should like to list this concern under publication. And I have in mind others of like nature.

Some of the most important institutions are not listed under societies because they are maintained by some of the societies already listed. Thus. Norw. Luth. Church runs ~~Augsburg~~, Augsburg Pub. House, Luther Sem., Luther Coll., St. Olaf, Red Wing, Canton, etc.

It is just as important that each institution be represented on your honor roll as each society. I have also included the missions, boards, and am suggesting the editors of ~~papers~~ papers in Norwegian and by Norwegian societies.

Will you not please do this: When you appoint these people to the honor committee, then ask them to do this for the cause, namely: Write a short historical sketch of their institution, society, board, mission or periodical, to be submitted to you as soon as possible before the Centennial. I want to get these papers for the Historical Society and for future volumes. Just think of how much information we can get if these 350 or more Norwegian leaders each would write from a page to 100 pages on the activity of their society or institution during the past 100 years or less. Just think of how much it would mean to the Centennial to have all these people lined up in an honorary committee or an advisory committee. The Swedes at New York in 1921 had something similar, but not so thoroughly done as this plan.

If I had time I would be glad to complete and reorganize this list. Trust that you can make use of it as it stands.

Good luck to you in your big work.
